

# RIPE NCC R&D Engagement

- Aims:
  - *work on problems relevant to the operator community*
  - interested in ongoing collaborations
  - **openness and transparency**; we prefer open venues, public data
  - we seek more open collaboration; jupyter -> hyperpapers
- we continue to publish
  - at venues such as IMC, PAM, TMA, ANRW
  - RIPE Labs
- collaboration between RIPE NCC and the school of engineering at Saint Joseph University, Beirut
  - successful day of workshops
  - increase direct engagement in the middle east
