GR-IX

- Plans to launch a new POP at Thessaloniki, the second largest city of Greece.
- Thessaloniki is close to the north borders, and we expect that it will be convenient (cheaper) for international players to reach.
- The POP will be launched towards the end of '18/beggining of '19. Anyone interest should contact me or info@gr-ix.gr.

InterLAN

- InterLAN has 40 & 100G ports available in Bucharest and Frankfurt starting this month and recently implemented AS112 service.

DE-CIX

- The results for your audience:
- New IX in Lisbon coming soon
- 10+ enabled sites
- 200+ of new access points across Europe and
- a new automated provisioning featuring a patch robot, that allows the provisioning in minutes.

Thank You!
